

2012/2013

Energy Efficient Air Conditioning Rebate Program

Your Energy Efficiency Project(s) may require building permits. Before beginning your project, please check with the Butte County Building Department (530)538-7541.

- Complete form & sign at bottom.
- All information must be complete to qualify for rebate.
- Qualifying rebates will be applied to your BMU account.
- Offer valid from 7/1/12 through 6/30/13, or until funds are depleted, whichever comes first.
- Duct pressure test and duct repairs must be performed prior to rebate application (please include documentation).
- Both inside & outside coils on a split system must be changed and must match to verify efficiency.
- Copies of receipts that describe the system installed, including cost, model numbers, SEER and EER must be submitted with rebate application.

HVAC-related Service		Date of Tune-Up
HVAC Tune-up (receipt required)	\$50 per unit, per year	

Equipment Information	Old Equipment		New Equipment	
Manufacturer's Name				
Model Number				
Serial Number				
Date Purchased/Installed				
Efficiency Rating	SEER:	EER:	SEER:	EER:
Number of Tons				
Total Rebate				

The amounts below supersede all incentive values previously stated on any preceding application.

All units must have a thermal expansion valve to qualify for a rebate.

HVAC Rebate Amounts (Minimum SEER of 14, EER of 11)			
Split System with TXV		Package System with TXV	
12 EER / 14.0 SEER	12.5 + EER / 15 + SEER	11 EER / 14 SEER	12 + EER / 14 + SEER
\$400	\$600	\$400	\$600
